

Strawberry Tree – *Arbutus 'Marina'*

Exposure: Full sun

Irrigation: Good adaptability to drier and warmer climates in well-drained soils

Size: 20 – 30 ft. tall, 15 – 20 ft. wide

Growth: Slow growing

Notes: Growth of tree causes bark to peel revealing a cinnamon-red bark. Pendulous clusters of urn-shaped white-blushed-pink flowers. Fruit is red-orange strawberry like balls

Bay Laurel – *Laurus nobilis*

Exposure: Coastal sun, sun or light shade inland

Irrigation: Little or regular irrigation

Size: 15-40 ft. tall, 15-30 ft. wide

Growth: 12-24 in/year

Notes: Can be kept compact with annual pruning, do not plant directly beneath power lines!

Dried bay leaf used for seasoning in cooking.
